

H.E. Colonel Mu'ammr Abu-Minyar al-Qadhafi
Revolutionary Leader
Great Socialist People's Libyan Arab Jamahiriya

17 June 2004

Your Excellency,

I am an Eritrean who is currently very worried about the plight of my fellow countrymen and countrywomen who are on the verge of being deported back to Eritrea. We have heard that the Libyan government is in the process of deporting about 15 Eritreans back to Eritrea against their will.

The current human rights situation in Eritrea is a desperate one and people who have been deported back to Eritrea have become victims of torture and abuse. Many Eritreans are leaving the country by various means usually at great risk to their lives.

Your Excellency,

We appeal to you on behalf of the following 15 Eritreans who, we understand, are in the process of being deported and we urge Your Excellency to intervene and halt the deportations.
